

Tourist tax and accommodation tax for second homes

Dear Sir/Madam,

Further to the letter we sent you at the end of 2016, concerning new tourist taxes, we invite you to consider the following.

You will find enclosed the invoice for the 2017 tourist tax for your second home.

As a reminder, this tax is now invoiced by the commune to owners of second homes in the form of a fixed fee based on the size of the accommodation (but at a minimum of CHF 125.00 and a maximum of CHF 875.00).

The details of the calculation concerning your property are in the invoice.

You are informed that the surface area considered for the calculation is the floor space (useable gross floor space), a concept that includes the area of walls. We have used the federal register of buildings and accommodation to calculate the surface area of your building (Regbl).

Concerning accommodation tax, it is owed by owners who host guests for payments, in the form of an annual fee.

You can view the regulation in force as well as an explanatory note in English and German on the commune's website at the following address:
<https://www.heremence.ch/commune/reglements-89.html>

We remain at your disposal for any further information.
Yours faithfully,

HEREMENCE
COMMUNAL ADMINISTRATION

P.S.
